Division of Environmental Quality Update

Carey Bridges, Deputy Director

DEQ – Who’s Who

Ed Galbraith, Division Director

- Carey Bridges, Deputy Division Director
- Kyra Moore, Deputy Division Director
- Aaron Schmidt, Cross Divisional Coordination
- Erin Lepper, Regional Office Coordinator

DEQ – Program Leadership

- Air Pollution Control - Darcy Bybee
- Environmental Services - Brian Allen
- Hazardous Waste - John Jurgensmeyer
- Soil & Water Conservation – Colleen Meredith
- Solid Waste Management - Chris Nagel
- Water Protection - Chris Wieberg

Our Mission

The Missouri Department of Natural Resources protects our air, land, and water; preserves our unique natural and historic places; and provides recreational and learning opportunities for everyone –**while promoting the environmentally sound operations of businesses, agriculture, and industry.**

Our Principles

- Partner with our regulated public
- Compliance first
- Look for common-sense, cost-effective remedial solutions
- Decisions guided by risk assessment
- Operate more efficiently and effectively
- Focus on our core functions

Our Goals

- Improve the quality of the air, land and water for all Missourians
- Timely issue permits
- Eliminate our permit backlog
- Conduct regular inspections
- Respond to submissions quickly
- Communicate person to person

Compliance Assistance

Our compliance and enforcement approach is to help first and use enforcement when necessary.

Red Tape Reduction

- DNR reviewed 598 rules in compliance with Executive Order 17-03 to reduce regulatory burden and streamline regulations.
- We recommended and received approval for rescission of 98 rules, a reduction of 1,656 restrictions.
- We have approval to rescind an additional 56 rules and amend 225 rules. This will be a reduction of 7,422 restrictions.
- Of the total 24,100, DNR recommended the removal of 9078 restrictions, or almost 38 percent.

Red Tape Reduction – DEQ #s

DEQ RTR Numbers	Number of Rules	Number of Rules to Rescind or Amend	Number of Restrictions Proposed for Removal	Percent of Restrictions Proposed for Removal
Air Pollution Control Program	101	62	1,245	24%
Environmental Services Program	3	3	11	100%
Soil and Water Conservation Program	30	30	374	84%
Water Protection Program - Clean Water	56	46	2,481	58%
Water Protection Program - Public Drinking Water	62	37	584	19%
Hazardous Waste Program	111	38	545	27%
Solid Waste Management Program	25	16	836	33%
Totals	388	232	6076	34%

A Few RTR Highlights

Solid Waste Rules

- Combining Ch. 3 and 4 (Sanitary and Demolition Landfills)
- Infectious Waste
- Scrap Tires
- Rescissions

Hazardous Waste Rules

- RCRA – Goal is to revise Missouri’s regulations to encourage recycling of hazardous materials to the greatest extent possible within the framework of federal regulation
- Resource Recovery Certification
- Federal Definition of Solid Waste
- Zinc Fertilizer Rule

Air Rules

- Basic Operating Permit
- Open Burning
- Many rules outdated – removing
- Odor Rule – not pursuing amendment

Water

- Wastewater Design Guide
- Permitting Rules
- Wastewater Infrastructure Loans

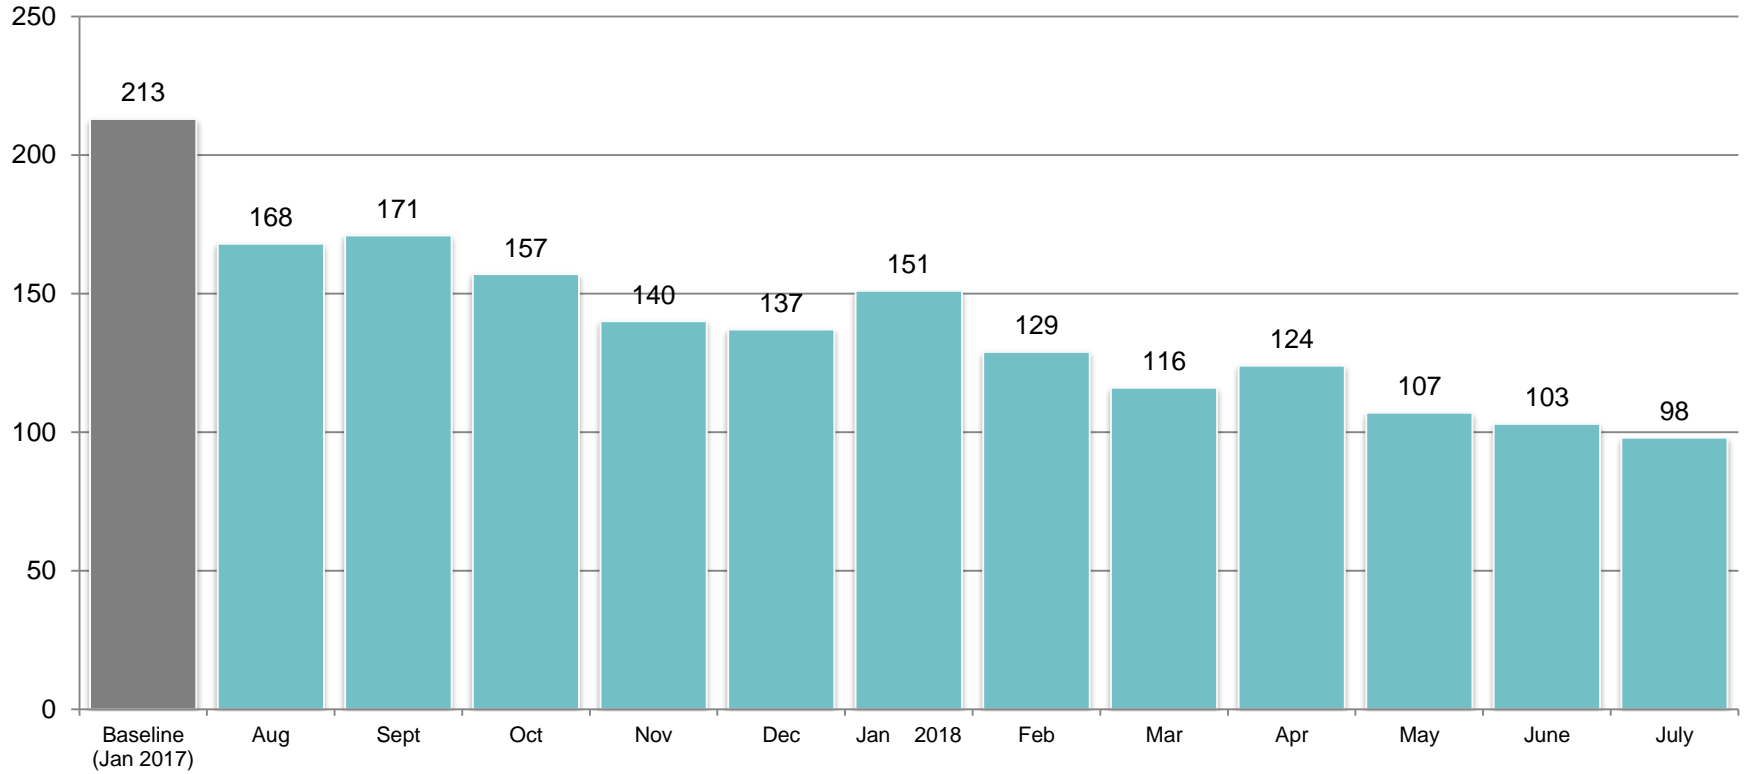

Other Updates

Air Pollution Control Program

- Permit Backlog
- Air Quality/Ozone Update
- Volkswagen

AIR

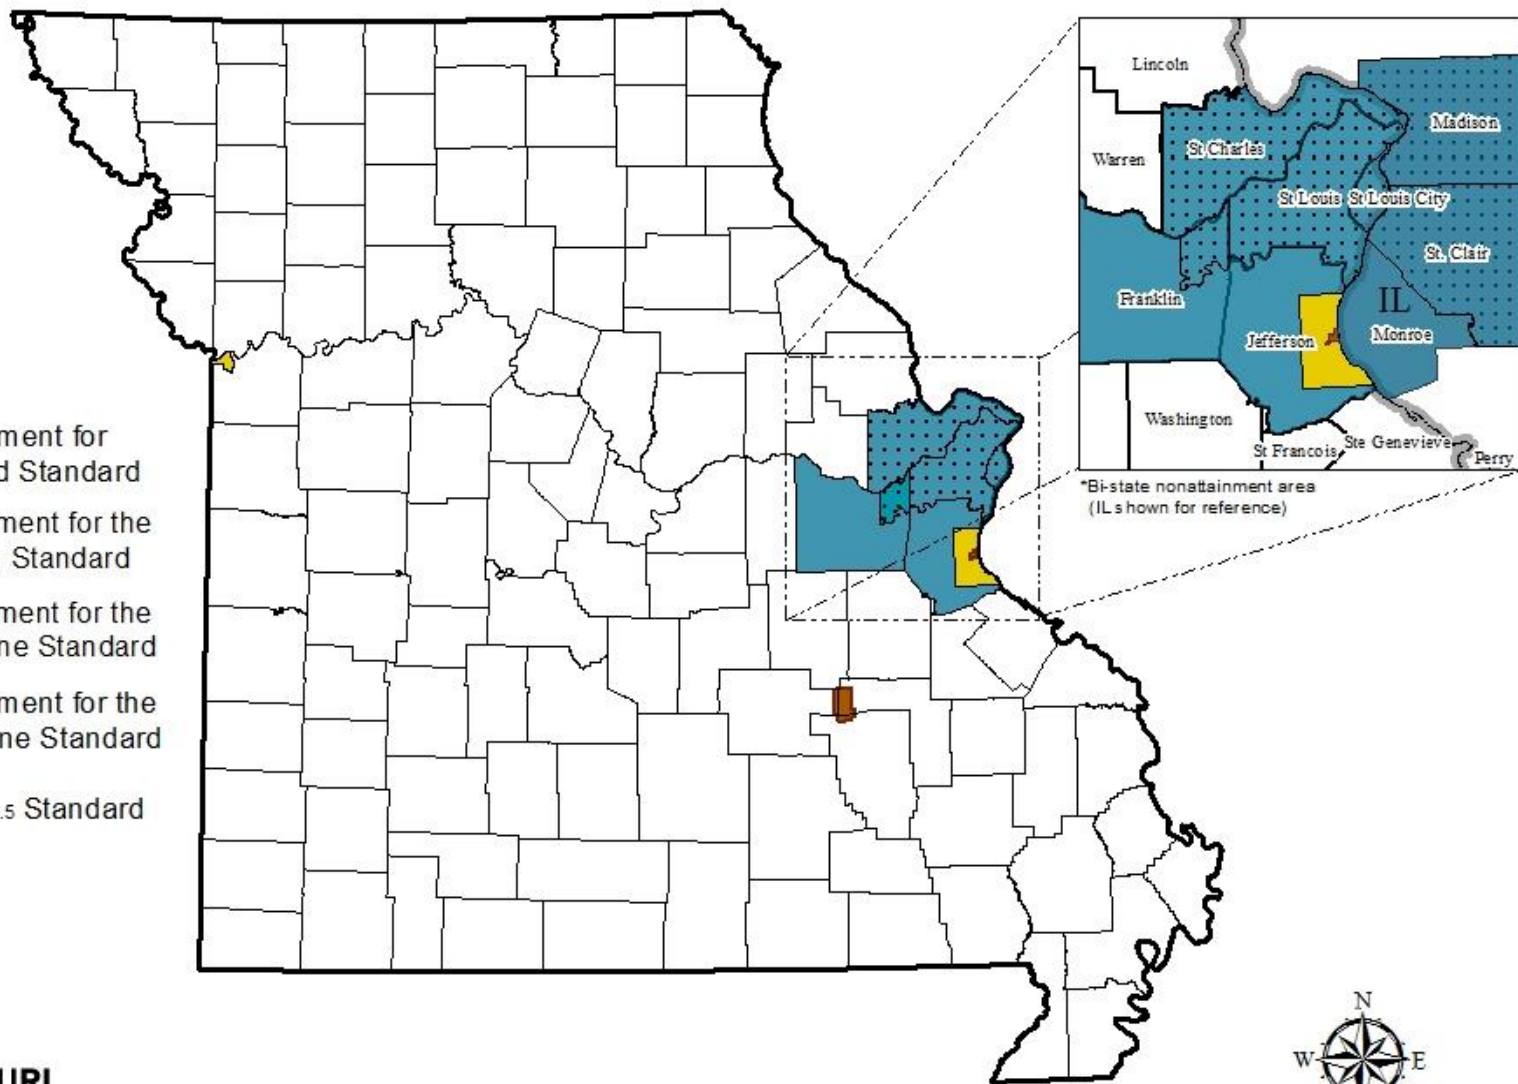

PERMIT BACKLOG

Currently Designated Nonattainment Areas

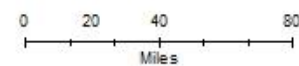

Legend

-  Nonattainment for 2008 Lead Standard
-  Nonattainment for the 2010 SO₂ Standard
-  Nonattainment for the 2015 Ozone Standard
-  Nonattainment for the 2008 Ozone Standard and the 1997 PM_{2.5} Standard

Water Protection Program

- Permits Backlog
- Drinking Water Quality
- Numeric Nutrient Criteria
- Water Studies

NPDES

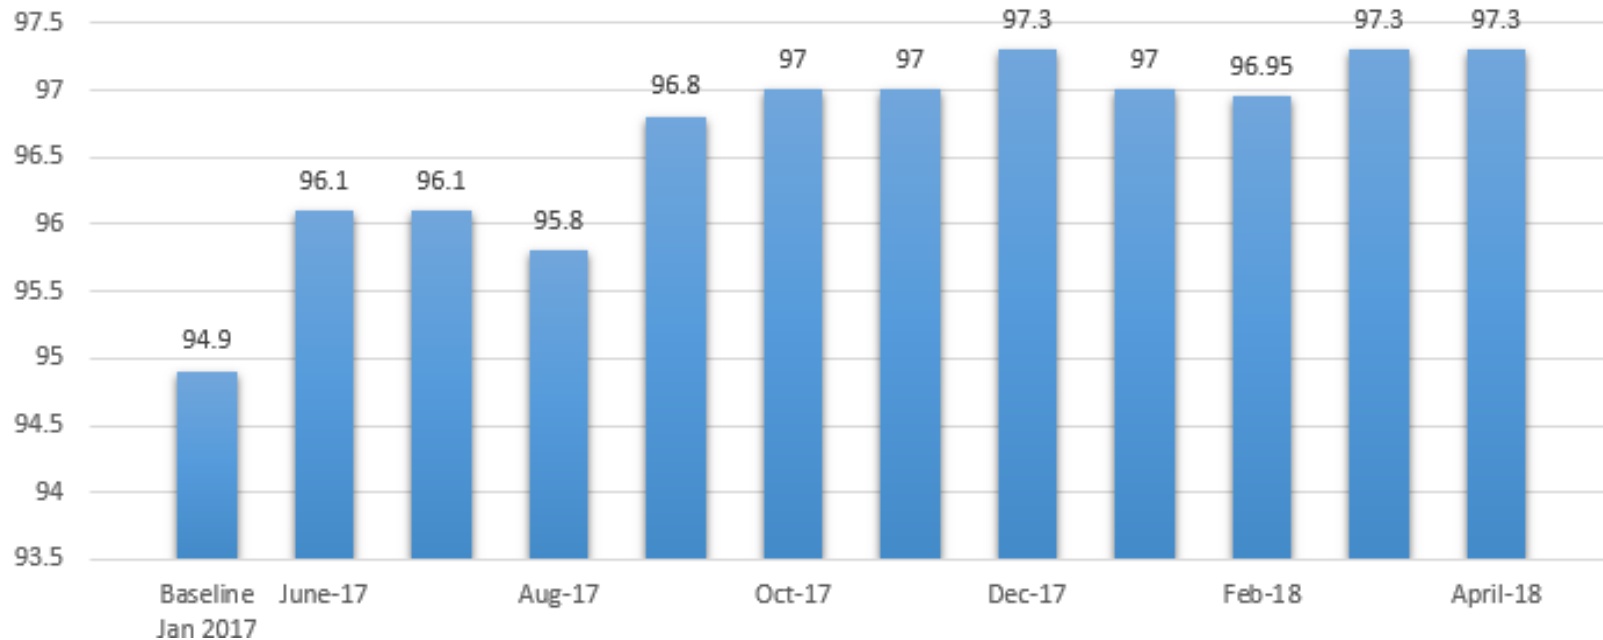

NPDES = National Pollutant Discharge Elimination System

PERMIT BACKLOG

Drinking Water Quality

Percent of Missourians Served by Community Public Health Systems Meeting All Health-Based Drinking Water (DW) Standards

Numeric Nutrient Criteria

- EPA is reviewing Missouri's rule
- Expect a response mid to late June

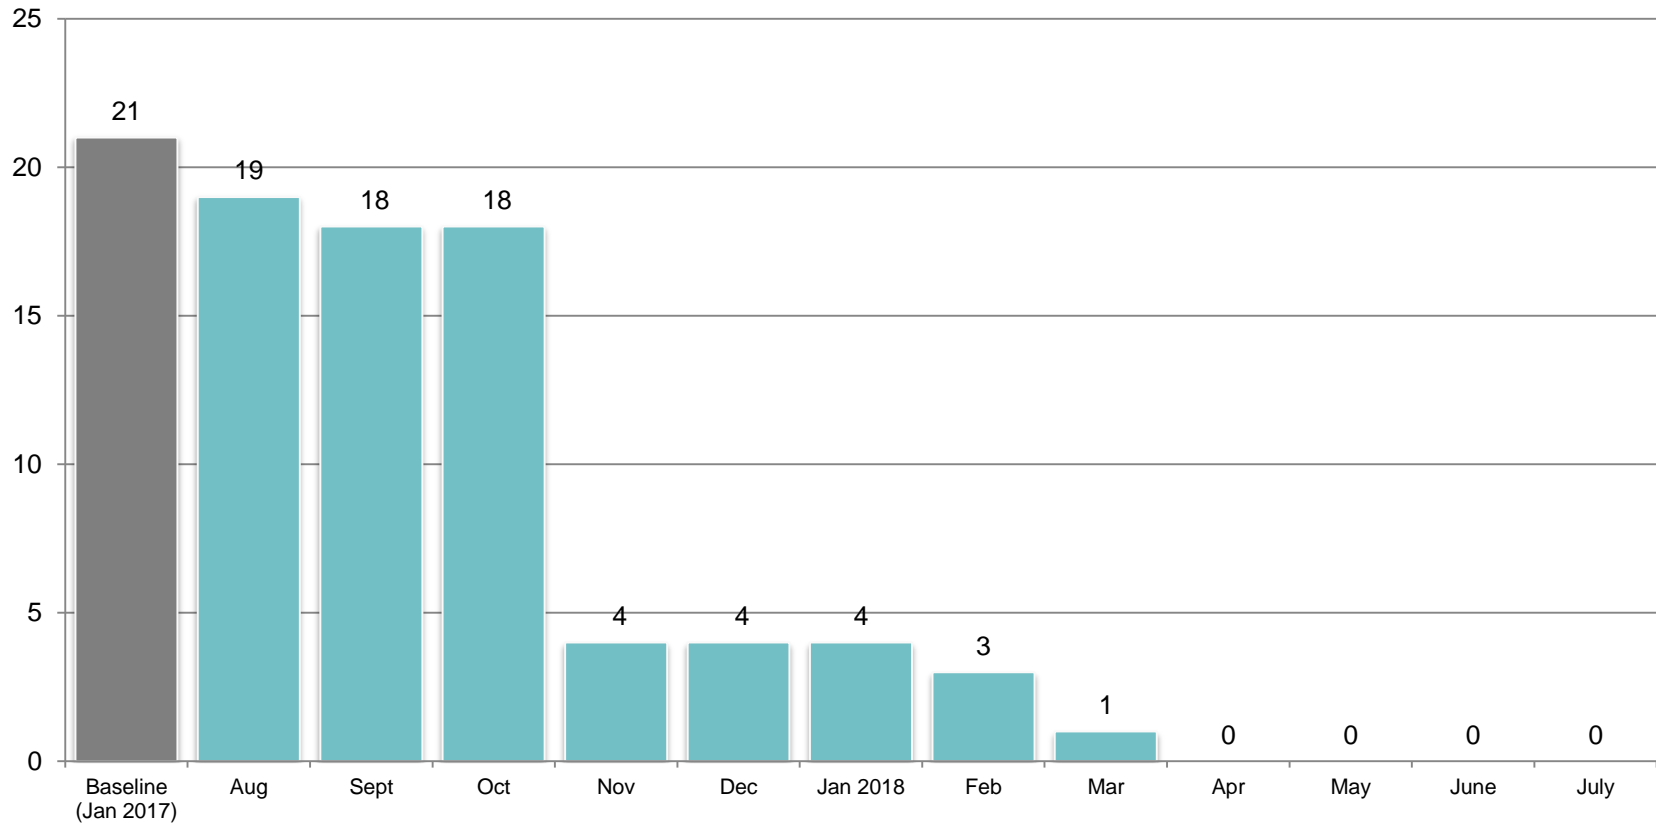

Water Studies

- The Department is working with the U.S. Army Corps of Engineers on studies in the Meramec and the Lower Grand River Basins

Solid Waste Management Program

- Permit Backlog
- Coal Combustion Residuals Rules
- Other Rules
- Recycling Markets Downturn

SOLID WASTE

PERMIT BACKLOG

MISSOURI
DEPARTMENT OF
NATURAL RESOURCES

PERMIT BACKLOG ELIMINATED!

Coal Combustion Residuals Rule

- Adopt and implement a program compliant with the federal program for landfills
- Include a risk decision framework for facilities, including impoundments

Other Rules

- District Grants
- Infectious Waste
- Open discussions with stakeholders late this year or early 2019

Downturn in Recycling Markets

- China and SE Asian countries curb contamination rates in imported materials
- SWAB and SWMP working to establish stakeholder group to assess markets and education opportunities
